Subject: FR Docket Number 04-7984

Dear Sirs:

As a sufferer of the illness of Paruresis (shy bladder), I ask that you please make a long needed change in your drug testing guidelines. My inability to produce a urine sample (on demand) does not equate to a refusal to be drug tested. Please allow me to have a blood test or any other test, other than urine. Please feel free to contact me, if you wish to ask any questions.

Thanks,

Ed Marion...
